Upon completion of this form, please submit to the Practicum Director, Dr. Teresa Kern, or Carol LaRegina for practicum placement planning.

STUDENT NAME:

Date:

1. In which semester do you intend to complete the practicum?

2. What is your selected MPH track?

3. List the MPH coursework you will have completed by the start of your practicum experience.

4. Please review the MPH competencies. What MPH competencies are you most interested in developing through the practicum?
5. List your professional goals.

   1) 
   
   2) 
   
   3) 

6. List your top three public health practice areas of interest.

   1) 
   
   2) 
   
   3) 

7. Identify your preference regarding the following:

   a. Geographic location of the practicum site

   b. Type of workplace/practicum setting (i.e., nonprofit health & human services agency; educational [ages 0 – grade 12]; academic [college, university, or other post-high school]; government health agency at the local, state, or federal level; health insurance corporation; etc.):

   c. List particular organizations that may interest you. Include a brief statement of how the organization relates to your track.

8. Up to how many hours per week can you commit to your practicum experience? As a reminder, it is anticipated that a student completing 135 hours over a semester period will work on the practicum an average of 10 hours per week.
