Live Music in Lobbies: Advanced amateur and professional musicians of a variety of genres and instruments play cheerful and reflective music in numerous clinical and family areas.

Pick a Pic: Inpatients choose artwork by regional artists to hang in their room.

Piano: Vetted pianists play soothing and uplifting melodies at their leisure on the piano in our main entrance lobby.

Artistic Enhancements: Murals and other artwork are created in clinical and family areas as you watch.

Lunch with Center Stage: Summer lunchtime concert series in our outdoor courtyard, featuring local professional ensembles including jazz, classical, soft rock music and more.

Art Commissions: Regional artists are commissioned to create original pieces designed to enhance the environment of clinical and public areas.

Music Commissions: Professional regional bands are hired to enhance special employee and staff events.

Rotating Art Exhibits: Paintings by regional professional artists are displayed in various clinical and family areas. Artists' work is for sale.

Employee Art: Organized programs to harness and showcase employee and student talent in visual and performing arts.

Research: Ongoing investigations by faculty to observe, explore and quantify the impact of the arts on the patient and caregiver experience.

Art Care for Staff: Work breaks for nurses that include art making projects, live music and chair massage.
